black

night blue

Weight:
102g (Size M)

Main Fabric:
TEXADRI JERSEY PLAIN ANTI ODOUR
100% Polyester

TEXADRI

On day hikes or trekking trips, when things get hot and sweaty, the lightweight Technical T-shirt will help you stay cool. It consists of a polyester jersey fabric that absorbs moisture and wicks it away from the skin so it can dry quickly. The fabric also minimises the build-up of unpleasant odours.
